Why Online Test

With today rapidly transforming world the technology has new advances every day. To keep pace with time one has to upgrade himself with it. The same happened with the field of medicine as well. With arrival of technical boom we too upgraded ourselves with new fields like telemedicine coming up. But what is more important is to have a man force that could make use of these upcoming utilities. Thus it becomes very important for medical students to be well versed with computers and internet from the very beginning. The change of pattern of AIIMS examination from paper based exam to an online examination is a significant development with this regard. This encourages a medical aspirant to be tech savvy right from starting. Of course there are other benefits to it like:

- The images which used to be blurry in papers would be more clear with options like zooming and focussing coming as a boon.
- You can make changes in your answers unlike paper based exam where once you have mistakenly ticked a wrong answer you can do nothing except losing your rank due to negative marks.
- The examiners also have an opportunity to add graphics and image based question which unlike the conventional questions could test the reasoning of the candidate.
- There can be multiple testing centers across the country and candidates would not have to travel long distances for giving the exam.

A4AN has taken a step forward for the medical aspirants and bringing an online test series for the aspirants to prepare for the medical entrance examination. User Agreement

You must read, agree with, and accept all of the terms and conditions contained in this agreement before you become a subscriber to and user of A4A’s services.

We may amend this agreement at any time by posting the amended terms on our website <http://www.aim4aiims.in> (hereafter known as the “site”). Except as stated below, all amended terms shall be effective 30 days after they are initially posted on our site. Upcoming changes will also be posted on this page.

In this agreement, “you” or “your” means any person or entity subscribing to and/or using the service (“users”). Unless otherwise stated, “Aim4AIIMS/NEET” or “Aim4NEET” or “Aim4AIIMS” “we,” or “our” will collectively refer to Aim4AIIMS/NEET. PLEASE READ THE FOLLOWING TERMS, CONDITIONS, AND DISCLAIMERS IN THIS AGREEMENT CAREFULLY BEFORE SUBSCRIBING TO OUR MATERIAL. AGREEING TO THE TERMS OF USE INCLUDES THE FOLLOWING:

License

In consideration of and subject to your payment of the appropriate subscription fee for the services you subscribe to, and your agreement to and compliance with the terms and conditions set forth in this agreement, Aim4AIIMS/NEET grants to you a non-exclusive, non-sub licensable, non-transferable license, and right to use and access the Aim4AIIMS/NEET content (the “licensed materials”) from multiple devices/locations with non-concurrent login access (“different times”). You are not allowed to access the Aim4AIIMS/NEET content from multiple devices/locations concurrently (at the “same time”). Access of Aim4AIIMS/NEET services from multiple devices/locations concurrently will be defined as account sharing, and appropriate action will be taken as defined in the “Restriction Against Transfer” section of this agreement.

System Requirements

You must use a Aim4AIIMS/NEET recommended version of an operating system, Internet browser, and any other required software to access the licensed materials as specified in our system requirements. System Requirements are updated to account for advancements in technology. Aim4AIIMS/NEET reserves the right to discontinue support for any system at any time. Compensation will not be provided for inability to use or access the services on discontinued or unsupported systems/devices.

Reasonable Use

Aim4AIIMS/NEET products are intended for individual self-study and exam preparation and are sold in the form of subscriptions. The products are designed to facilitate careful review by users of all content contained within the subscriptions in order to deliver maximum benefit and optimal study experience to our typical users (hereafter also referred to as “normal” product usage). “Typical” refers to users with a usage pattern of at least 90% of regular users of any particular subscription.

Usage of Aim4AIIMS/NEET subscriptions which is determined not to fall under reasonable use may result in action taken against the account, at Aim4AIIMS/NEET’s sole discretion. Subscription utilization that is indicative of, or arising from, impermissible business, multiple user, community, or fraudulent use may result in suspension or termination of the subscription in question. Aim4AIIMS/NEET may contact any user at any time to request clarification of a usage pattern which does not fall under reasonable use.

Order

Most of the information collected in the registration process will be used to process orders. During the order process, you will have to provide financial information such as your credit/debit card number, expiration date, CVV2 code, payee name, and billing address. This information is used for billing purposes and to fulfill your order. To properly process your credit/debit card information, we must share your personal and financial information with the merchant bank for authorization and approval. This process is protected by an enhanced security system. We do not share your personal and financial information with any third parties, except those specified in our Privacy Policy.

When you attempt a transaction on our website, the card processor verifies available funds by placing a hold, or pending charge, on the amount of the intended transaction against your card. The card processor then confirms the accuracy of your remaining information (e.g., your address, CVV2 Code, expiration date, etc.) before processing the transaction. If you enter an incorrect address or other associated detail, then the transaction is declined. This is NOT a situation unique with this website, but it is how virtually all online transactions are handled. Typically it takes the card issuing bank 2-5 days to clear associated pending charges resulting from failed/declined attempts.

We charge for each successful transaction attempt and provide a confirmation of such on our website and send a confirmation email to the registered email address upon each successful transaction on our website. You can also log-in to your account on our website and click on “Payments” section to retrieve a copy of your payment receipt(s).

Subscription Term

You have the right to use and access the licensed materials for the course(s) you have subscribed to for the duration of your subscription period unless an interval of maintenance downtime has been scheduled. Content will be provided as described in the respective product description pages and may change during the course of a subscription period to remain relevant. For Test series products, the number of questions may vary during the subscription term based on content changes and updates. However, Test series subscriptions will always have a minimum number of active questions as described in the corresponding product description pages. The subscription period will start immediately after activation unless you notify Aim4AIIMS/NEET about a desired start date before using any of the licensed content. Subscription(s) cannot be suspended temporarily and reactivated at a later date. You must use the course material within the subscribed period, and no free extensions are offered in exchange for any unused time.

At the end of your subscription period, your right to use and access the licensed materials will expire automatically unless you renew under Aim4AIIMS/NEET’s current terms and conditions. A renewal will allow you to work on existing Qbank test information for a preset extended period. Renewals are offered as a continuation to a current subscription term but not for later use after this term has expired. You must renew the subscription prior to its expiration date. A renewal will be provided only for the course subscribed. Some courses are offered as a combination package(s), and renewal will only be permitted for individual courses in the package but not for the original combined package. This agreement and your right to use the licensed materials will also ter-

minate at Aim4AIIMS/NEET's sole discretion if you fail to comply with any terms or conditions. The Test series information will not be reset (deletion of test/performance/usage information) during the subscription period unless it meets the eligibility criteria described below.

Test series reset eligibility is based on the continuous duration (without any intermediate breaks) of a currently active subscription and does not take previous subscription(s) into account. A reset is a permanent and irreversible purge (deletion) of all your test and performance data from our system. You may perform a reset directly from your account on our website. This option is available for only two circumstances outlined below:

- Purchase of a new subscription: You purchased a brand new subscription (ie, your previous subscription expired and you did not renew) and still have the old information in your new Test series, or

Renewal of an active subscription does NOT qualify as a new subscription purchase. An eligible Test series subscription can be reset only once during its active period. Once it has been reset, another reset is not possible regardless of the remaining subscription time or purchase of renewal(s).
